Fruit Buyer—J. H. Guphill, repre-
senting the Gamble-Robinson com-
pany, fruit distributors, is in Ogden
for the purpose of inspecting the or-
chards of Ogden and Brigham City.
Although the fruit man stated that
he anticipated a good price for Utah
fruit, he would give no figures. He
predicts that the apple crop will not
bring the price of last year for the
reason that there is a good crop
throughout the United States.

HIRES AUTO AND
BUYS STOCK
ON CREDIT

After a brief investigation, Sheriff
T. A. DeVine has arrived at the con-
clusion that a number of people of
Ogden and Salt Lake have been
bunchoed by a clever fellow giving
his name as J. B. Markham, alias
King, alias Jordan, who has a peni-
tentiary record back of him. The
officers say that he served time in the
Canon City, Colorado penitentiary,
having been released from that insti-
tution but recently he was arrested
this afternoon at the Reed hotel, af-
ter his return from Salt Lake.

Yesterday Markham hired O. P.
Randall's machine with Frank Pierce
as chauffeur for two trips to Salt
Lake, returning on the second trip
after the noon hour today.

The charge for the machine is \$50 but
the bill has not been paid, nor will it
be, as it is known that Markham has
no money. He also owes the Reed
hotel a bill and the Nelson & Fell
livery stable has an account against
him. A woman accompanied him to
Salt Lake and return, leaving the au-
tomobile on lower Twenty-fifth street
today.

Pierce states that he had no intima-
tion but that the auto bill would
be paid, until he reached Salt Lake,
when things began to look suspicious.
He asked for a settlement and the
man told him he would pay as soon
as he reached Ogden. While in Salt
Lake, Markham made an acquaintance
of F. A. Clark, whom he induced to
give him a check for \$150 for a draft
on a Denver bank. He had the check
in his pocket when arrested in Og-
den and it is the officer's opinion
that he intended cashing it here and
paying off his bills.

He purchased stock in the Western
Vanadium company of J. C. Roberts,
giving him a draft on a bank in
Meeker, Colorado, for the amount. A
response from telegraphic inquiry at
the Meeker bank gives the informa-
tion that the man has "no funds" there.

The fellow has received no money
on any of his transactions so far as
known to the officers, and it is re-
ally a question whether he can be
charged with an offense.

Investigations regarding his actions
in Colorado will be made, particu-
larly in Meeker and Denver.

Sheriff DeVine says the man ac-
knowledges that he is in the Colo-
rado penitentiary under the name of
Jordan and that he went under the
name of King in the vicinity of
Meeker.

Mrs. Sprague, mother of Painter A.
A. Sprague, is visiting here from Og-
den, Utah. Last Sunday Mr. and
Mrs. A. A. Sprague and Mr. Sprague's
mother enjoyed the hospitality of
Rev. and Mrs. J. J. LeFebvre.

Mr. and Mrs. E. P. Graves and son,
and Miss Daisy Graves, left for Og-
den, Utah, yesterday, where Mr. and
Mrs. Graves will visit for a few days,
while Miss Graves will go to the Na-
tional Yellowstone Park for a few
weeks, before returning to her home
in the east.

Frank R. Smith returned Monday
morning from Ogden, Utah, where he
spent Sunday with Mrs. Smith, who
recently arrived in that city from Cal-
ifornia. While in Ogden Mr. and
Mrs. Smith were the guests of Mr.
and Mrs. W. G. Fisher. Mrs. Smith
will soon join her husband in Green
River.

TO INSPECT TRAINS
Washington, Aug. 19.—Inspection
of the sanitary arrangements and
safeguards in railroad stations and
trains has been ordered on a sweep-
ing scale by Acting Secretary of the
Treasury Allen. The investigation
will be made by the inspectors of
public buildings under orders from
the supervising architect of the
treasury and their reports will be
turned over to the public health ser-
vice.

SHOOTING ON
SALT LAKE
TRAIN

While eastbound train No. 2 of the
Salt Lake Route was speeding across
the desert early today, south of Salt
Lake, John Bertallo whipped out a
revolver and emptied it at his two
companions. Passengers, in a pan-
ic, fled into the other coaches. When
the train crew entered, they found
George Lochner and Gerro Florado ly-
ing in the aisle, the former mortally
wounded.

Bertallo was put in the Millard
county jail at Delta, Utah. The two
wounded men were taken to Salt Lake
City. A quarrel over money was said
to have caused the shooting.

FRIGHTENED
BY A JOKE

Japanese farmers in the vicinity of
Birch Creek have been made the vic-
tims of a joke. The Japanese com-
munity was thrown into a panic last
week when the following letter, ad-
dressed to "The Japanese of Birch
Creek, R. F. D. No. 4," was opened:
"Say, you d—raskals, I want you
to take eight 8 bottles of beer and 5
pounds of hamburger cheese and 5
loafs of bread and 7 boxes of crackers
and pickles and 25 dollars cachee. I
want you to bring one good suit too.
Bring it to the Dump pile, city dump-
ing ground in Birch Creek. If you
do not do that I shall kill you meet
me at Saturday at 5 o'clock at Birch
creek at night. Black hand."

The letter was written in a poor
hand with indelible pencil, but on
excellent stationery. With the signa-
ture "black hand" was a rude attempt
at a dagger and a hand.

The letter was turned over to the
police last night by one of the Japa-
nese farmers, although it is looked
upon as the work of some crude jo-
ker.

PUBLIC HEALTH
TAUGHT IN
SCHOOL

George W. Bailey, of the science de-
partment of the Ogden High school,
has returned from Berkeley, Cal.,
where he attended the summer ses-
sion of the University of California.
Other High school teachers who were
at Berkeley were W. E. Archibald and
F. C. Hawks.

Mr. Bailey was enrolled in a com-
paratively new class, that of public
health. The course was given under
the direction of Prof. Maize Ravanel,
state bacteriologist of Wisconsin, and
a prominent educator who was se-
cured for the summer sessions. Mr.
Bailey stated that the University of
California proposes to make public
health a regular course of the cur-
riculum beginning this fall. The high
school instructor also took a post
graduate course in social diseases.

Mr. Bailey explained today that to
become a doctor of public health, one
must take a course that is almost
identical with a medical course. He
stated that the prospective doctor of
public health studies along preven-
tive lines. With his college work and
experience, Mr. Bailey could have se-
cured a degree had he remained at
the school until mid-year.

When asked if a new course will be
established at the High school as a
result of his summer studies, he stated
that no other course would be added,
but that bacteriology, the new sub-
ject at the High school last year,
will probably be made a year's sub-
ject.

Mr. Bailey believes that his summer
work will greatly aid him in teaching
physiology which has been made a
practical study under him.

W. E. Archibald, head of the history
department at the High school, has
been working for an extra degree
at Berkeley.

F. C. Hawks has been continuing
his science work.

importance are to come before the
meeting and a full attendance is ex-
pected.

TO VISIT IN BAKER CITY.
Mrs. H. H. Spencer left this after-
noon for Baker City, Ore., for a short
visit with Mrs. William H. Eccles.
Mrs. Spencer will accompany the Ec-
cles' family to Ogden in their auto
in September.

CONDUCTORS IN
OGDEN ARE
PLEASED

General satisfaction has been ex-
pressed by railroad men in Ogden
over the favorable outcome of the
controversy between the Southern Pa-
cific company and the train crews
which was settled by arbitration.

The conductors and other employes
hold that the Southern Pacific could
not have done otherwise and has ac-
ted fairly.

The chief contention of the em-
ployees was that when the Southern
Pacific company segregated its steam
men from the electric lines, old service
men from the steam lines were trans-
ferred to the electric lines and were
placed in positions inferior to the
comparatively young service men on
the electric lines.

Satisfaction was expressed by Og-
den Southern Pacific conductors that
in the agreement the railroad com-
pany had dropped its segregation
plans. Hereafter, an employe on a
steam road when transferred to the
electric line, will retain the position
to which his years of service entitles
him.

HE KNOCKED OUT
HER FRONT
TEETH

Two women grieved over the ac-
tions of their husbands, have peti-
tioned the district court for relief
today. One seeks separate mainte-
nance and the other wants a divorce.

Mary E. McCaffery alleges that she
married Albert J. McCaffery in Evan-
ston, Wyoming, August 25, 1903, and
that they have two children.

The plaintiff says that the defend-
ant is subject to "fits of passion" in
which he abuses her and calls her
names. She states that in March,
1911, he struck her in the face,
knocking out some of her front teeth,
and that again in October, 1912, he
"jammed her against the door" hurt-
ing and bruising her. She wants
\$50 for the maintenance of herself
and children.

Bertha E. Miller desires to be di-
vorced from Edward H. Miller, whom
she married August 9, 1905, she de-
clares he stays out late at night and
goes to resorts with other women.
He has been abusive and she says
he has knocked her down and threat-
ened to kill her. On one occasion
the defendant threatened to shoot
her and at another time he said he
would use a razor on her. The plain-
tiff also claims that the defendant
deserted the home August 11, 1913.
She wants the care and custody of a
minor child, \$20 a month alimony
and costs of the suit.

CITY TO HAVE
NEW HEALTH
LAWS

Finding by past experience that the
health ordinances of Ogden are not
strong enough or broad enough to
cover situations that have arisen, the
city commission is having the present
laws revised. Sanitary Inspector
George Shorten is working on the re-
vision and will confer regularly with
City Attorney Valentine Gideon upon
his return from Denver. The revised
ordinances will be presented to the
city commissioners to be passed at a
meeting in the near future.

According to the city inspector,
when the new ordinances relating to
public health are passed, the health
department will be one of the most
important in the city, instead of al-
most the least important as at pres-
ent. He gave as his reason for urg-
ing revision, that the department can
find where ordinances are being vio-
lated but is powerless to enforce re-
spect.

sion of the German government's de-
cision not to participate in the San
Francisco exposition. Dr. Wittenberg,
chairman of the Association of Ger-
man Textile Wholesale Dealers, in a
statement today, advises Germa-
n manufacturers to exhibit their goods

its sanction.

The absence of England would be

er, who declares it would be a mis-
take not to accept the chance to show

France in taste and quality, particu-
larly as it is necessary to head off
Chinese and Japanese competition in
the United States.

RAIN BRINGS
LITTLE AID

Kansas City, Mo., Aug. 19.—A few
more light showers fell at scattered
points in Missouri and Kansas last
night, but according to reports to the
weather bureau here and at Topeka,
Kan., drought conditions in southeast
Kansas, in the vicinity of St. Joseph,
Mo., and in the Wichita, Kan., district
are little better than before the first
showers.

Light rains have served to modify
the temperature but water supply for
vegetation and live stock remains a
serious problem in the greater part
Kansas, northern Oklahoma and
western Missouri.

Wichita today reported the tem-
perature about 10 degrees below the
blistering heat of last week but ac-
tual damage from drought rapidly in-
creasing.

WORLD'S MARKETS

WALL STREET
New York, Aug. 19.—Crop news,
the principal market factor recently,
was relegated to second place today
and the Mexican situation furnished
the chief speculative material. Early
reports of the Mexican ultimatum
advised and the market grew quiet-
er after the first downward rush.

No substantial recovery was ef-
fected however, and before noon
prices drifted to a still lower level,
although pressure was not great.

The market closed heavy.
Nervousness among the shorts
caused a better inquiry for stocks and
prices improved slightly. Losses in
Reading and Steel were reduced to
small fractions and some other fa-
vorites made up about half of the
day's decline.

Omaha Livestock.

Omaha, Aug. 19.—Cattle—Receipts

Hogs—Receipts 6700. Market
steady. Heavy, \$7.60@7.75; lights,
\$7.75@8.35; pigs, \$7.00@8.00; bulk of
sales, \$7.70@7.75.

Sheep—Receipts 16,000. Market
steady. Yearlings, \$5.00@5.80; weath-
ers, \$4.30@4.90; lambs, \$6.75@7.75.

Chicago Grain.

Chicago, Aug. 19.—Corn today con-
tinued the center of speculative in-
terest. The market was nervous and
irregular. Opening prices were 1-4c
off to 1-8c higher, with December
unchanged to 1-8c lower at 69 1-2 to
5-8c. Heavy local selling sent De-
cember down to 69 1-4c, easy cables
being a depressing influence.
